Dear Valued Carwash Professional:

Here is your 2023 CAP dues invoice. **We are sending these to car wash operators and vendors that are current members, have been members in the past or have supported our various events and outings over the years.** We continue to make a broad reach across Pennsylvania to gain the support and participation of all carwash operators and vendors. We work hard to enhance awareness and gain recognition of the benefits of the professional car wash industry, as we know that, together, we can create a stronger and more unified industry voice in the public, government, and business arenas for our members in Pennsylvania. We sincerely hope you share this concept and renew or begin a membership with CAP.

Dues Invoice
